

We had a fantastic day of racing today with almost five hundred runners completing the Cave Shepherd Visa Credit Card 5K and two hundred and twenty-two runners finishing the Colombian Emeralds Intl 10K. Unfortunately an unforeseen incident caused the runners in the 5K to turn before reaching the turn around point. It was realised immediately by course officials but the runners were moving quickly and the course marshal was unable to stop and re-route them. Importantly, all of the runners completed the same distance. The matter will now be fully investigated to determine the cause of the situation.
